 Official Paper for the County of Nye and the Town of Tonopah

OFFICERS SHOULD BE EXTREMELY CAREFUL.

Common sense should warrant officers to be extremely careful in making arrests without due notice of law. They should be absolutely certain that the party they are taking into custody is guilty of the crime charged. Especially in this time of emergency, it is very easy to make a mistake. When such a mistake does occur, great injury is done to the respect of the law and the officers involved.

There is a story told here that a man named Mr. Hughes, who was arrested by a deputy sheriff, was taken to the county jail. The deputy sheriff, who was named Mr. Hughes, was taken to the county jail. The deputy sheriff, who was named Mr. Hughes, was taken to the county jail. The deputy sheriff, who was named Mr. Hughes, was taken to the county jail.

The sheriff of Nye county should be more careful in making arrests or in allowing his deputies to invade the sacred rights of good citizens. This is the only way to maintain the respect of the law.

The sheriff of Nye county should be more careful in making arrests or in allowing his deputies to invade the sacred rights of good citizens. This is the only way to maintain the respect of the law.

Just to show the inconsistency touching upon this arrest, a representative of The Bonanza inquired of the deputy the day following the arrest to ascertain the facts in the matter. But was told not to mention anything concerning the arrest as they might have the wrong man. It later developed that Mr. Hughes had not been near the house for 18 months having been absent for a long time from Tonopah in connection with the development of some placer property which he owns.

Little relief does that afford a respected citizen like Mr. Hughes. He has been damaged irreparably; he has been put to inconvenience and expense by officers, who should have known better; he has been belittled in the estimation of some friends, but has no recourse in the matter.

Search of promises in a promiscuous manner, whether occupied or not, should be gone about in a legal manner. Stool-pigeon tactics and petty policies that tend to injure the reputation of good law-abiding citizens should no longer be countenanced by the better element of Tonopah and Nye county, and it might be as well for the people to express themselves that all officers may know their true feelings in these premises.

MORTALITY STATISTICS.

The department of commerce announces that the census bureau's annual report on mortality statistics, which will be issued shortly, shows 1,142,578 deaths as having occurred in 1920 within the death registration area of continental United States, representing a death rate of 13.1 per 1000 population as compared with 12.9 in 1919, which was the lowest rate recorded in any year since the registration area was established in 1909.

The death registration area, exclusive of the territory of Hawaii, in 1920 comprised 34 states, the District of Columbia and 16 registration cities in non-registration states, with a total estimated population on July 1 of 87,486,713, or 82.2 per cent of the estimated population of the United States. The state of Nebraska was added to the registration

SPANISH BELT IS PRODUCING SLENDING ORE

The Consolidated Spanish Belt Silver Mining company is giving a good account of itself, and a splendid production record is promised for the future. Operations during the past week show that great activity is manifested at the seat of operations, according to the official report issued last night by Jules V. Barnard, general manager and president of the company, which covers the period from October 2 to 25, inclusive, and which reads as follows:

Development was carried on in the new mill of the company on dump ore from October 2 to 25 and the necessary changes and adjustments were made, a total of 139 tons being run through the mill during that period. On October 25 the mill was placed on a two-shift basis, running about 20 tons in eight hours on a mixture of dump and mine ore. It is planned to run 500 tons of ore through the mill on this basis. Some trouble was experienced in the flotation, and at the end of the shift the work was stopped, but this has now been overcome. About 2000 pounds of concentrates are being made on the two shifts, 2000 pounds coming from the table and about 1000 pounds from the flotation table.

Graves are running from 125 to 150 ounces in silver and from \$10 to \$15 a ton in gold, while flotation concentrates are running from 200 to 250 ounces in silver and from \$5 to \$10 in gold. A very satisfactory production is being made at the start. After the 500 tons of mixed ore is milled it is planned to run 50 tons of mine ore daily.

Work in the mine has been resumed under the direction of Mike Lamb, its foreman in charge. Slope 1401 is yielding a good grade of mill ore. Slope 1402 was started on a 5-foot quartz stringer and is yielding excellent milling ore. Slope 1404 was started 20 feet in on the stringer of ore opened last spring and has widened out to 3 feet of excellent milling ore. All of these slopes are on the 135-foot level of the San Pedro shaft. A slope is being started on the East level near the intermediate raise where several feet of milling ore is exposed. As soon as possible the waste from the old mine slope will be used here to fill and merge with the old East slope. The Barcelona slope on this lower level is being estimated and production of ore will start from there tomorrow.

Dean Brandes has been appointed superintendent of the mill, and will take charge October 29. Hauling of concentrate to Tonopah will start tomorrow.

Finest bread and pastry made here.

The Progress Bakery has been remodeled and has one of the best pastry men from the east, and a bread baker that has worked for one of the best companies of San Francisco. We are putting out a product now that is equal to the best that is put out in San Francisco, either bread or pastry. We are using the milk from our own cows in our wholesome bread, which insures a pure and sanitary product. Our bakery has been painted inside and outside and is in perfect sanitary condition. We invite the public to inspect our bakery and we assure them a cordial welcome.
